DID YOU KNOW?

Did you know that you can request the
Oglesby Ambulance Service for non
emergency transfers?

It is important for all residents to know
that the Oglesby Ambulance Service is a
vital, professionally staffed resource
available 24/7, not only for medical
emergencies but also for medically
necessary transfers. They have the ability
to transfer between medical facilities,
such as hospitals and long-term care
facilities, or when a patient is discharged
to home and requires medical
supervision. You don't have to be an
Oglesby resident to receive this service.

If you find yourself or a loved one in need
of their transfer services, you have the
right to request it through the hospital
medical care team.
